Dear Reader:

This CD contains PDF copies of the Final Environmental Impact Statement, Alaska Military Operating Areas, August 1995 and the Record of Decision of April 1997. There are scanned pages of the original document. The following conventions were used throughout the document:

1. Print size is Times New Roman, 11 point.
2. Margins were set 0.5 inches on all sides.
3. Page numbering consists of a combination of the Chapter and sequence in that chapter, e.g. 1-4 is Chapter 1 page 4, 2-4 is Chapter 2 page 4.
4. The index to the document is found in Volume2, Chapter 9, Pages 9-1 through 9-12. It contains a listing of all the terms and phrases that are of importance in the document and lists each page where that term or phrase appears in the document.
5. Figures printed on 11" by 17" paper were numbered on the front of the page (an odd page number) and the reverse side was blank but given the next page number (even page number). The next odd page number was used for the next text page. For Example, the sequence of 11" by 17" pages in Chapter 2, numbered as follows do not have any missing pages: 2-9, 2-11, 2-13, 2-15, 2-17. The next page with any printing is numbered 2-19
6. The following page numbers are those of the 11" by 17" pages that appear in Volumes I and II of the AK MOA EIS and those that are omitted. There are no 11" by 17" pages in Volumes III and IV.
